

**The Word** was made **FLESH** and he dwelt among us. He became MAN, so that he could free man. And his name is JESUS CHRIST!

**He never harmed** any one. He always did right. He worked miracles like this world has never seen. He preached with **POWER** like no one else.

**But ultimately,** he became flesh, so he could destroy our sin in his flesh on the cross. He entered into death and hell, so he could break us free from death and hell. He rose from the dead, never to die again. He is the IMMORTAL ONE and KING!

**Jesus Christ is LIFTED UP** above all! He alone is worthy! Only he can save. TRUST HIM ALONE!

**But there is one man** that God himself has lifted up above all others. There is ONE that is worthy of our praise and worship and honor. There is ONE that every knee will bow to...
